About DRGCOPM

The future of the world lies in the advancement of technology in every sphere. In order to fulfill desire to participate in the development of the nation, INDIRA BAHUUDDESHIYA SHIKSHAN SANSTHA, BULDHANA (IBSSB) was formed in the year 1986 with specific aims and objectives. then, a number of institutions have come up under its auspices in the urban and rural areas of Buldhana district of Maharashtra state. Apart from the conventional courses, the society has also started a number of Professional, Vocational, needs based and job-oriented courses. The society thus is not only adding to the existing fund of knowledge but also meeting the special needs of younger generation of today. Realizing the importance of Pharmacy education, IBSSB started the pharmacy college at Malkapur, in Buldhana district, in year 2005-2006 and is currently offering D. Pharm, B. Pharm, M. Pharm. and PhD courses there under.

The Institutes are duly approved by Pharmacy council India New Delhi and affiliated to Sant Gadge Baba Amravati University, Amravati.

Dr. Rajendra Gode College of Pharmacy was found at a time when severe need was felt to have a quality Pharmacy Education and improvement in the Health Care System in the State. Dr. Rajendra Gode College of Pharmacy campus is developed in the area 3 acres with building structure of 5537Sq.M. at Malkapur to facilitate academic and extracurricular activities. Since from beginning, the Dr. Rajendra Gode College of Pharmacy continuously enriched with several notable developments like provision for additional space for Library, establishment of Animal House for experimental skill in the Physiology and Pharmacology, Computer Facilities to touch the new frontiers of communication. These can be enlisted as few amongst so many.

With an objective to be in tune with changing time, several innovative changes have been put in by the institution. Modern infrastructural facilities have been provided to regard the organization as "RESEARCH INSTITUTE" in future to touch new horizons of success and to bring laurels to the institution. This encouragement has resulted in an increase in number of candidates registered in Pharmacy each year.

The institution since its inception in 2005-2006 has grown rapidly and consistently marching towards better and brighter future. A milestone on Dr. Rajendra Gode College of Pharmacy's path is moving towards becoming a totally integrated institute in the field of Pharmacy by the student who have made institute to the top of the world. We work for the cause-

"GATEWAY TO GLOBAL KNOWLEDGE"

VISION	MISSION
To excel in the field of pharmaceutical education by inculcating moral values and developing high quality pharma professionals.	To adopt high-quality technical education and training methodologies to foster the spirit of research, innovation, entrepreneurship and contribute to the profession and society

<p>Summary of Event</p>	<p align="center">Expert Talk on Career Guidance & Financial Wellness Enhancement at Dr. Rajendra Gode Pharmacy College, Malkapur.</p> <p>With the inspiration of Hon'ble Chairman Shri Yogendraji R. Gode Sir, Hon'ble Secretary Ms. Tanvi Y. Gode Madam, and under the leadership of Principal Dr. P. K. Deshmukh Sir, the Women's Cell of Dr. Rajendra Gode College of Pharmacy (DRGCOP), Malkapur, organized a Guest Lecture on "Career Guidance and Financial Wellness" in collaboration with the Securities and Exchange Board of India (SEBI) on September 15, 2025.</p> <p>The resource person for the session was Dr. Suneel Sharma Sir, who shared deep insights into financial planning. He explained the significance of Systematic Investment Plans (SIPs), the functioning and benefits of mutual funds, and the various levels of risk involved in different types of mutual funds. He also guided the students on how to identify and avoid fraudulent schemes, and emphasized the role of SEBI in investor protection. Importantly, he highlighted the proper channels and authorities to approach in case of financial scams.</p> <p>The program was effectively coordinated by Prof. Shital Gandhi, Prof. Jaya Ambhore, Prof. Kiran Gaikwad, Prof. Rohini Jangale, and Prof. Chaitali Jaiswal. The Preface was delivered by Prof. Shital Gandhi, who introduced the theme and objectives of the session, while the Vote of Thanks was proposed by Prof. Chaitali Jaiswal, who expressed gratitude towards the management, the resource person, faculty, and students for making the event successful.</p>

<p>Summary of Event</p>	<p>Dr. Rajendra Gode College of Pharmacy Participates Enthusiastically in Youth Festival Amravati, October 10, 2025</p> <p>Inspired by Shri Yogendraji Gode, President of Indira Bahuuddeshiyan Shikshan Sanstha, and Secretary Ms. Tanvi Gode, and under the guidance of Principal Dr. Prashant Deshmukh and Dr. Vaibhav Adhao, Dr. Rajendra Gode College of Pharmacy participated enthusiastically in the Youth Festival held at Shrimati Kesharbai Lahoti College, Amravati, from October 7 to 10, 2025.</p> <p>The festival provided a vibrant platform for students to showcase their creativity and skills through various competitions. In the debate competition, final-year students Ms. Suhani Khirdkar and Ms. Suhani Vaidya made a strong impression with their impactful participation. In the poster-making competition, third-year student Ms. Pratiksha Suralkar presented an outstanding piece under the guidance of Prof. Sakshi Patil. In the quiz competition, final-year students Ms. Lakshmi Johari, Ms. Manaswi Raibagkar, and Ms. Swati Katone showcased their intelligence and quick thinking. Additionally, in the street play performance, third-year students Ms. Pranita Wawge, Ms. Snehal Hage, Ms. Pooja Hage, Ms. Rutuja Galande, Ms. Pragati Kurade, and Ms. Mrunali Shirsat delivered a powerful social message through their impactful act, winning the hearts of the audience. In the Mehendi competition, Ms. Priyanka Bodule displayed her artistic talent, reflecting the essence of Indian culture. Youth Festival Coordinators Prof. Ananta G. Titare and Women's Coordinators Prof. Mohini Kshirsagar made commendable efforts to encourage the students. Under the guidance of Prof. Shweta Rane, Prof. Bhavesh Mandwale, and Prof. Vaibhav Patil, the students received the right direction, which led to their impressive participation in the festival.</p> <p>Through this initiative, Dr. Rajendra Gode College of Pharmacy has made a successful effort to promote the all-round development of students by nurturing their talents not only in academics but also in cultural and artistic fields.</p>

<p style="text-align: center;">Summary of Event</p>	<p style="text-align: center;">On the Occasion of 3rd National cGMP Day – Guest Lecture on “Current Good Manufacturing Practices (cGMP)”</p> <p>With the inspiration of Hon’ble Chairman Shri Yogendraji R. Gode Sir, Hon’ble Secretary Ms. Tanvi Y. Gode Madam, and under the leadership of Principal Dr. Prashant. K. Deshmukh Sir. In collaboration with IQAC cell and PCI committee Quality Assurance Department of Dr. Rajendra Gode College of Pharmacy, Malkapur, organized the 3rd cGMP Day Celebration on 10th Oct 2025.</p> <p>The event aimed to enhance students’ understanding of Current Good Manufacturing Practices (cGMP) and their vital role in ensuring the quality, safety, and efficacy of pharmaceutical products.</p> <p>The program was anchored by Prof. Mohini Kshirsagar, who warmly welcomed the dignitaries, faculty members, and students, setting a positive tone for the event. The celebration began with the lighting of the lamp ceremony, symbolizing the light of knowledge and wisdom. The distinguished guest speaker for the day was Dr. Ravindra Ingle, Quality Assurance Manager at Chaitanya Biologicals Pvt. Ltd., Malkapur. Dr. Ingle delivered an expert talk on “Current Good Manufacturing Practices (cGMP)”, sharing his vast professional experience of over 19 years in Quality Assurance and Biopharmaceuticals. He elaborated on the essential principles of GMP, regulatory compliance, and quality assurance practices in the pharmaceutical industry. His insights greatly enriched the knowledge of students and faculty alike. During the session, Academic Dean Dr. Vaibhav Adhao Sir also guided the students and shared his valuable views on the importance of quality standards and continuous learning in the pharmaceutical profession.</p> <p>A felicitation ceremony was conducted to honor the guest and dignitaries as a token of respect and appreciation. The event concluded with a Vote of Thanks, expressing heartfelt gratitude to the guest speaker, management, faculty, and students for their active participation and cooperation. The program co-ordinators Dr. Pavan Chichole sir played a pivotal role in meticulous planning and execution of the event. Dr. R. R. Thenge, Prof. M. W. Babhulkar, Prof. S. N. Patil, Prof. S. V. Rane present for the Programme.</p> <p>Overall, the 3rd cGMP Day Celebration was a grand success, providing an enlightening learning experience to students and reinforcing the importance of quality assurance and regulatory practices in pharmaceutical manufacturing.</p>
	<p style="text-align: center;">Program Coordinators</p> <p style="text-align: center;">Dr. V. S. Adhao, Dr. P. P. Chinchole, Prof. A. M. Rathi, Prof. M. V. Kshirsagar.</p>

<p>Summary of Event</p>	<p>Successful Organization of Workshop on Chemical and Biological Waste Management at Dr. Rajendra Gode College of Pharmacy</p> <p>A one-day workshop on chemical and biological waste management was successfully organized on 11th October 2025 at Dr. Rajendra Gode College of Pharmacy, Malkapur. The program was conducted under the guidance of Principal Dr. Prashant Deshmukh and Dr. V. S. Adhav, with inspiration from Shri Yogendraji Gode, President, and Miss Tanvi Gode, Secretary of Indira Multipurpose Educational Institution. The main objective of the workshop was to promote awareness about responsible waste disposal practices and the importance of environmental protection in academic and industrial sectors.</p> <p>The event began with a traditional lamp-lighting ceremony, followed by an introduction highlighting the need for sustainable waste management. The workshop featured two expert speakers, Dr. Umesh Ladhe, Plant Manager Benzochem, Malkapur, and Mr. Akshay Raut, Training Officer Wise Ecocare & Farmtech, Khamgaon.</p> <p>In the first session, Mr. Raut provided detailed information on biomedical waste management. He explained the correct use of color-coded bins, the segregation of waste at the source, safety precautions, and the regulatory rules to be followed. In the next session, Dr. Ladhe spoke about chemical waste management, focusing on handling expired chemicals safely, preventive measures, and compliance with safety and environmental guidelines.</p> <p>The event was effectively organized by Prof. Ashish Rathi and co-organizer Prof. Vikas Ghait. The program was smoothly anchored by Prof. Mohini Kshirsagar, and the vote of thanks was delivered by Prof. Vikas Ghait. Faculty members and non-teaching staff from various institutions, including L. B. Chandak College, actively participated and engaged in thoughtful discussions.</p> <p>The workshop emphasized the significance of environmental safety and the collective responsibility of institutions to adopt sustainable practices. Participants pledged to contribute to a cleaner, safer, and eco-friendly environment. Overall, the workshop proved to be a meaningful step toward creating greater environmental awareness within the pharmacy community.</p>
<p>Program Coordinators</p>	<p>Prof. A. M. Rathi, Prof. V. N. Ghait, Prof. K. S. Gayakwad, Prof. M.V. Kshirsagar, Prof. R. R. Popat, Prof. S. N. Patil, Prof. A. G. Titare</p>

<p>Summary of Event</p>	<p>In a bid to strengthen student understanding of advanced drug delivery systems, the Department of Pharmaceutics at [College Name] organized a one-hour discussion session on neosomes for the B.Pharm Semester VIII students. The session, held from 12:30 PM to 1:30 PM, was led by Dr. R. R. Thenge and attracted enthusiastic participation from students and faculty alike.</p> <p>The interactive session began with a concise introduction to the challenges in conventional drug delivery, followed by the definition of neosomes and a comparative overview with liposomes, niosomes, and other vesicular systems. Students and faculty delved into preparation techniques such as thin film hydration and sonication, and examined crucial characterization parameters including particle size, zeta potential, encapsulation efficiency, stability, and The session also addressed real-world challenges: scale-up, reproducibility, regulatory hurdles, and long-term stability. Several students volunteered mini-project topics, demonstrating the inspiration drawn from the discourse. Feedback at the close was overwhelmingly positive, with students appreciating the clarity, interactive format, and relevance to their future research work.</p> <p>Dr. Thenge concluded by urging further exploration and follow-up workshops or demonstrations to consolidate student learning. The session is expected to catalyze student interest in formulation research and contribute to stronger academic outcomes in the pharmaceutics curriculum.</p> <p>The activity not only tested theoretical knowledge but also promoted interactive learning, analytical thinking, and professional skills, aligning with the Program Outcomes (POs) of pharmacy education 05-12-2025</p>
<p>Program Coordinators</p>	<p>Dr. Raju Thenge, B. Pharm Sem-VII students</p>

<p>Summary of Event</p>	<p>As part of innovative teaching-learning practices and experiential learning initiatives, the Department of Pharmaceutics conducted an interactive quiz on the IP-II Syllabus and Some general Knowledge Questions. The quiz was designed and facilitated by Prof. N B Chopade using the Kahoot platform, which allows gamified learning through real-time participation and scoring.</p> <p>The Objective of this quiz is to reinforce conceptual understanding of <i>Industrial Pharmacy II</i> through an engaging quiz-based learning approach, encouraging active participation, application-based recall, and healthy competition among students. The quiz covered 39 questions encompassing core topics such as scale-up and technology transfer, pilot plant operations, process validation, equipment design, and formulation aspects. A total of 10 participants actively took part in the quiz.</p> <p>Miss. Anjali Telang's team (Gauri) was the First Winner, Samruddhi Gawarguru's team holds second position and Team Neha Mapari's (K) team secured Third Rank and Runner was Kashish Sure and Sayali Nayse's Team.</p> <p>The interactive Kahoot! quiz effectively combined assessment with enjoyment, creating an impactful learning experience. Students responded positively and showed competitive enthusiasm. Such digital pedagogy will be continued for subsequent units to promote active learning and self-assessment.</p> <p>The activity not only tested theoretical knowledge but also promoted interactive learning, analytical thinking, and professional skills, aligning with the Program Outcomes (POs) of pharmacy education.</p>
<p>Program Coordinators</p>	<p>Prof. N B. Chopade, and B Pharm VII Sem Students</p>

<p>Summary of Event</p>	<p>Book Exhibition was organize in library department on the occasion of Reading Inspiration Day dated 15th October 2025 at the central Library</p> <p>The event witnessed the esteemed presence of Principal Dr. P. K. Deshmukh, Academic Dean Dr. V. S. Adhao, teaching and non-teaching staff, and enthusiastic student.</p> <p>To promote the habit of reading among students and to inspire them through book exhibition.</p> <p>The Reading Inspiration Day was conducted successfully in the library on 15th October 2025 . The event began with a short introduction about the importance of reading by Librarian Mrs. Shubhangini Akotkar.</p> <p>Various genres of books were displayed, including fiction, biographies, science, and motivational books to spark interest.</p> <ul style="list-style-type: none"> * Increased enthusiasm for reading among students. * Several students borrowed books from the library for the first time. * Enhanced awareness about the importance of reading daily. * Encouraged students to explore new genres. <p>Feedback from participants was overwhelmingly positive. Students expressed a desire to have such events more frequently. Teachers suggested including author interactions in the future.</p> <p>Reading Inspiration Day was a successful initiative that achieved its aim of nurturing a love for reading. It served as a platform to introduce students to the joy and benefits of reading and it will be continued as a regular feature in the library calendar.</p>

Summary of Event	<p>A well-attended seminar titled “Liposomes: Types, Method and Evaluation” was conducted on 15 October 2025 at 10:30 a.m. in the Department of Pharmaceutics under the guidance of Dr R. R. Thenge. The session was expertly delivered by Miss Samruddhi Gawarguru, who opened with the fundamental structure and classification of liposomes, covering small unilamellar vesicles (SUVs), large unilamellar vesicles (LUVs), multilamellar vesicles (MLVs), as well as stealth and targeted variants. She proceeded to elucidate the principal preparation methods, including thin-film hydration, solvent injection, and reverse-phase evaporation, supplemented by insight into emerging microfluidic techniques. The presentation then shifted focus to the evaluation and characterisation of liposomal formulations, addressing key parameters such as vesicle size and distribution, lamellarity, surface charge (zeta potential), drug entrapment efficiency, release kinetics and biocompatibility. During the interactive Q&A segment, attendees — comprising faculty, postgraduate students and research scholars — raised insightful queries regarding scale-up challenges, regulatory frameworks and real-world marketed liposomal drugs. The seminar succeeded in enhancing awareness of liposome-based drug delivery systems, fostering research interest among participants and underscoring the importance of hands-on workshops to reinforce learning. Dr Thenge concluded by recommending a follow-up lab workshop and circulation of presentation slides and curated reading material to sustain momentum in this evolving field.</p> <p>The activity not only tested theoretical knowledge but also promoted interactive learning, analytical thinking, and professional skills, aligning with the Program Outcomes (POs) of pharmacy education</p>

<p>Summary of Event</p>	<p>A well-attended seminar titled “Nanoparticles: Types, Method and Evaluation” was organized on 16 October 2025 at 11:30 AM by the Department under the guidance of Dr R. R. Thenge. The session was delivered by Miss Vijaya Bansod, who commenced with a comprehensive overview of nanoparticles, defining their scale (typically 1–100 nm) and unique properties like high surface-area-to-volume ratio and size-effect behaviour. She then elaborated on the various classifications of nanoparticles — for example, inorganic vs organic, metallic vs polymeric, and carbon-based types — and explained their relevance across biomedical, environmental and industrial domains. In the methods section, Miss Bansod described both “top-down” and “bottom-up” approaches to nanoparticle synthesis, including mechanical milling, laser ablation and chemical reduction, sol–gel and co-precipitation methods. She also pointed to more recent plant-mediated “green synthesis” routes of nanoparticles. Moving into evaluation techniques, the presentation covered key characterisation parameters such as particle size and distribution (e.g., via transmission electron microscopy and dynamic light scattering), surface charge (zeta potential), morphology (SEM/TEM), crystallinity (XRD) and composition (EDX/FTIR). She referenced that reliable evaluation often requires combining multiple analytical techniques to overcome nanoscale challenges. The interactive portion of the seminar invited questions about scale-up of nanoparticle preparations, regulatory and safety considerations, and application scenarios, which drew good engagement from students and research scholars. The session succeeded in enhancing awareness of nanoparticle science, fostered interest in research work within the department, and underscored the value of organising hands-on workshops or lab demonstrations in the future. Dr Thenge concluded by recommending circulation of the slides and arranging follow-up practical sessions for experimental exposure.</p> <p>The activity not only tested theoretical knowledge but also promoted interactive learning, analytical thinking, and professional skills, aligning with the Program Outcomes (POs) of pharmacy education</p>

<p>Summary of Event</p>	<p>On Friday 17 October 2025, at 10:30 AM, Miss Swati Katone delivered a focused seminar on “Monoclonal Antibody: Types, Method and Evaluation”, moderated by Dr. R. R. Thenge. The session commenced with the facilitator’s welcome and a brief introduction of the topic and speaker.</p> <p>Miss Katone began by defining monoclonal antibodies (mAbs) and explaining their genesis from a single clone of cells, emphasising their specificity and significance in diagnostics and therapeutics. She then described the various types of mAbs — murine, chimeric, humanised and fully human — and touched upon advanced formats such as bispecific antibodies. Drawing from standard sources, she highlighted the classification based on origin and structure.</p> <p>Next, she outlined the methods of production and development of mAbs: from classic hybridoma technology to modern recombinant and display-based technologies, including screening and expression strategies. Examples of analytical and functional assessment followed, covering evaluation criteria such as binding affinity, specificity, purity, stability and functional assays. The seminar underscored regulatory and quality-control importance in mAb development.</p> <p>The interactive Q&A session raised pertinent questions about scale-up challenges, regulatory frameworks, cost implications and future directions of mAb technology. Miss Katone addressed these clearly, adding value to the discussion.</p> <p>In summary, the seminar successfully provided participants with a well-structured overview of monoclonal antibody technology: its types, production methods and evaluation approaches. Attendees were actively engaged, and the facilitator concluded by reinforcing the importance of rigorous methodology and evaluation in biopharmaceutical development of mAbs.</p>

<p>Summary of Event</p>	<p>Dr. Rajendra Gode College of Pharmacy, Malkapur, observed “National Unity Day” on 31st October 2025 with great zeal and active participation from faculty and students. The Sardar Vallabhbhai Patel Jayanti was celebrated with great enthusiasm and patriotic spirit at our institute on 31st October 2025 to honor the birth anniversary of the <i>Iron Man of India</i>, Sardar Vallabhbhai Patel. The program highlighted his remarkable contribution to the unity and integrity of our nation. The event was graced by the esteemed presence of Hon. Raksha Tai Khadse, <i>Member of Parliament (Khasdar)</i>, as the Chief Guest, and Hon. Chainsukh Sancheti, <i>Member of Legislative Assembly (Amdar)</i>, as the Guest of Honour. Their inspiring presence added immense value and motivation to the occasion. The program began with a floral tribute to Sardar Patel’s portrait, followed by the lighting of the ceremonial lamp. Faculty members, NSS volunteers, and students actively participated in the celebration. A brief introduction of the guests was given, followed by a welcome speech highlighting Sardar Patel’s vision of a united India. Hon. Raksha Tai Khadse in her address emphasized the importance of youth participation in nation-building and appreciated the efforts of the institution in organizing such a meaningful program. Hon. Chainsukh Sancheti shared his valuable thoughts on leadership, discipline, and dedication qualities embodied by Sardar Patel. The event also included speeches, patriotic songs, and a short documentary showcasing Sardar Patel’s contribution to the integration of princely states. The celebration concluded with a vote of thanks expressing gratitude towards the distinguished guests, faculty, and students for their participation and contribution. The entire program was effectively planned by Prof. Mangesh Deokar, Prof. Ananta Titre, Dr. V. S. Adhao, Dr. R. R. Thenge who ensured its smooth and successful execution. Various discussions and interactions held during the celebration encouraged students to reflect on their role in promoting literacy and motivated them to extend their knowledge beyond classrooms to benefit the community. The event concluded on a positive note, reinforcing the message that literacy is a powerful tool to bring social change, uplift communities, and build a progressive nation.</p>

<p style="text-align: center;">Summary of Event</p>	<p style="text-align: center;">MED Safety Week 2025 organized by UMC & MSPC-DIC</p> <p>MED Safety Week 2025 was conducted from 3rd to 9th November to create awareness about medicine safety and the importance of pharmacovigilance. The campaign was organized under the guidance of the Uppsala Monitoring Centre (UMC) in collaboration with the Maharashtra State Pharmacy Council (MSPC) and Drug Information Centre (DIC). Chemists and Druggists Associations from different talukas of Buldhana district also actively participated.</p> <p>The purpose of the program was to help people understand the vital role of pharmacists in ensuring patient safety by monitoring and reporting Adverse Drug Reactions (ADRs). This year, the campaign became even more significant due to the heartbreaking incident in Madhya Pradesh, where contaminated syrup caused the deaths of several children. This reminded everyone of the importance of proper drug quality and safe medication practices.</p> <p>Awareness programs were held in schools, colleges, police stations, railway and bus stations, temples, and other public places. People were guided on checking expiry dates, recognizing side effects, avoiding self-medication, and using medicines safely. Special focus was given to children, pregnant women, and the elderly. They were also informed about reporting ADRs by contacting their doctor or pharmacist, using the ADR mobile app, or calling the national helpline 1800-180-3024.</p> <p>The sessions were conducted by the faculty members of Dr. Rajendra Gode College of Pharmacy, Malkapur:</p> <p>Dr. Mangesh Deokar – 10 sessions Dr. Vaibhav Adhao – 1 session Prof. Amit Kudke – 5 sessions Prof. Ashish Rathi – 8 sessions Prof. Mukesh Babhulkar – 2 sessions Prof. Ankush Maskar – 5 sessions Prof. Vikas Ghait – 3 sessions Prof. Ananta Titare – 3 sessions</p> <p>Thanks to the Principal of DRGCOP, Malkapur, for the constant encouragement and support, which played a major role in the success of MED Safety Week</p>

<p>Summary of Event</p>	<p>A seminar on Career Guidance, GPAT Exam Preparation, and Development of Soft Skills was successfully organized on 6th November 2025 at Dr. Rajendra Gode College of Pharmacy, Malkapur. The event was conducted under the valuable guidance of Principal Dr. P. K. Deshmukh and Academic Dean Dr. V. S. Adhav, with continuous inspiration and support from Shri Yogendraji Gode, President, and Miss Tanvi Gode, Secretary of Indira Bahuuddeshiya Shikshan Sanstha.</p> <p>The guest speaker for the seminar was Mr. Rupesh R. Chaoure, Head of Department, Latur GDC Offline Center, who delivered an inspiring and informative talk. The main objective of the seminar was to motivate students to prepare for national-level pharmacy competitive examinations such as GPAT, NIPER, and other related tests, while also emphasizing the importance of developing soft skills for overall personality and professional development.</p> <p>During his session, Mr. Chaoure provided valuable insights on effective GPAT preparation strategies. He discussed the importance of understanding the exam pattern, following standard reference books, practicing consistently, and managing time efficiently. He also shared useful tips to improve problem-solving ability, mind map and tips, boost confidence, and maintain discipline during exam preparation.</p> <p>The second part of the seminar focused on the development of essential soft skills such as communication, teamwork, leadership qualities, and overall personality enhancement. Mr. Chaoure highlighted that technical knowledge alone is not sufficient in today's competitive world and that strong interpersonal and behavioral skills are equally important for achieving career success. As a gesture of encouragement, Mr. Chaoure presented a book set to the DRGCOP Malkapur library, which was handed over to Principal Dr. Prashant Deshmukh.</p> <p>The program concluded with an interactive discussion where students eagerly participated and cleared their queries. Prof. Sakshi N. Patil anchored the event, Prof. Kisan Pawar delivered the program preface, and Prof. Ashish Rathi proposed the vote of thanks. The seminar was highly engaging, motivational, and beneficial for all the participating students.</p>

Summary of Event	<p align="center">A webinar on Career Opportunities in Pharmacovigilance.</p> <p>A webinar on “Career Opportunities in Pharmacovigilance” was successfully organized by the Training and Placement Cell of Dr. Rajendra Gode College of Pharmacy, Malkapur. The event was conducted under the valuable guidance of Principal Dr. P. K. Deshmukh and Academic Dean Dr. V. S. Adhav, with continuous encouragement and support from Shri Yogendraji Gode, President, and Miss Tanvi Gode, Secretary of Indira Bahuuddeshiya Shikshan Sanstha.</p> <p>The webinar aimed to provide pharmacy students with a clear understanding of the growing importance of pharmacovigilance in the pharmaceutical industry and to guide them in exploring various career paths in this domain. A total of 156 students actively participated in the session, showing great enthusiasm and curiosity about corporate and IT-based pharmaceutical opportunities.</p> <p>The guest speaker, Mr. Manohar Patil, an experienced professional in the pharmaceutical field, delivered an informative and engaging session. He discussed the significance of pharmacovigilance in monitoring drug safety, reporting adverse effects, and ensuring patient well-being. He guided students on how to prepare for corporate and pharmacovigilance roles, focusing on the essential skills required such as analytical ability, communication skills, regulatory understanding, and teamwork. He also discussed job responsibilities, growth potential, and real-world challenges faced by professionals in this area.</p> <p>Students took keen interest and actively participated by asking questions related to job nature, career advancement, and industry expectations. Mr. Patil answered each query patiently, offering practical advice and motivation.</p> <p>The webinar began with a preface by Prof. Ashish Rathi, who welcomed the guest and participants and emphasized the importance of career-oriented programs. The event was well arranged and technically coordinated by Prof. Aniket Jangle. The session concluded with a heartfelt vote of thanks by Prof. Rathi, appreciating the guest speaker’s valuable insights and the enthusiastic participation of students.</p>

<p style="text-align: center;">Summary of Event</p>	<p>A four-day Skill Development Workshop concluded with great enthusiasm at Dr. Rajendra Gode College of Pharmacy, organized under the guidance of the Honorable President of Indira Multipurpose Education Society, Shri Yogendraji Gode, and Secretary Ms. Tanvitai Gode, along with the support of Principal Dr. Prashant Deshmukh. The event was held in collaboration with the Student Development Cell of Sant Gadge Baba Amravati University. Conducted from 10th to 13th November, the workshop witnessed active participation from final-year pharmacy students, helping them significantly enhance their professional and soft skills. The inauguration ceremony began with the traditional lighting of the lamp by dignitaries. Addressing the gathering, Principal Dr. P. K. Deshmukh emphasized the importance of soft skills, stating, "Soft skills are not only essential for securing a job but also for leading a meaningful life. These skills prepare students to face challenges in the pharmacy profession with confidence."</p> <p>The first day featured an engaging ice-breaking session led by Dr. R. R. Thenge, who introduced fun activities such as 'Two Truths and a Lie' to help students connect with one another. A session on SMART goal setting equipped students with techniques to plan their future effectively. In a motivational talk, Dr. V. S. Adhao encouraged students to view failure as an opportunity, highlighting that "Failure is a stepping stone to success."</p> <p>On the second day, Prof. M. W. Babhulkar conducted a session on verbal communication, explaining the 7 C's of Communication. Students participated in pharmacy counter role-plays, gaining confidence in patient interaction. The importance of body language, eye contact, and non-verbal cues was also discussed in detail.</p> <p>The third day covered resume writing, where Dr. Thenge demonstrated how to craft an ATS-friendly resume. A lively group discussion on "Impact of AI on the Pharmacy Industry" encouraged students to explore current trends. Dr. Adhao later trained students in presentation skills with the 10-20-30 rule, followed by 3-minute PowerPoint presentations delivered by participants.</p> <p>The final day focused on interview skills, including guidance on answering questions such as "Tell me about yourself" and "Why should we hire you?" A time management session introduced practical techniques for balancing academic and personal Responsibilities. The workshop was successfully conducted due to the efforts of the organizing committee comprising Prof. A. G. Titare (Student Development Officer), Dr. V. S. Adhao (IQAC Coordinators), Dr. R. R. Thenge (Convener), Dr. M. N. Deokar (NSS Officer), and Prof. A. K. Maskar (Final Year Class Teacher). Their teamwork helped create a motivating learning environment. Photography and videography of the event were effectively handled by Aditya Borkar and Kazim Khan Firoz Khan.</p>

<p>Summary of Event</p>	<p>Term Insurance : A Smart Choice for a secure Future by Prof. R. A. Darakhe</p> <p>Dr. Rajendra Gode College of Pharmacy, Malkapur, Buldhana organized an insightful session on Term Insurance: A Smart Choice for a Secure Future. The session was conducted by Prof. R. A. Darakhe, Faculty Knowledge Exchange Club.</p> <p>In his discussion on “Term Insurance: A Smart Choice for a Secure Future,” Professor R. A. Darakhe emphasizes the importance of financial protection through affordable insurance planning. He highlights that term insurance is one of the simplest and most cost-effective forms of life insurance, designed to provide high coverage at low premiums, making it accessible for individuals at all income levels.</p> <p>Prof. Darakhe explains that term insurance ensures a financial safety net for the family in the event of the policyholder’s untimely death. It helps dependents manage essential expenses such as education, loans, and daily living costs. He also stresses that buying term insurance early in life offers greater benefit due to lower premiums and wider coverage options.</p> <p>The faculty note further discusses features like flexibility in choosing the policy term, tax benefits, and riders (critical illness, accidental coverage) that enhance protection. Prof. Darakhe concludes that term insurance is not an investment product but a risk-management tool, essential for long-term financial planning and ensuring a secured future for loved ones.</p> <p>Prof. R. A. Darakhe explains that term insurance is one of the most important and affordable financial tools for every individual who wants to protect their family’s future.</p> <p>1. Meaning of Term Insurance</p> <ul style="list-style-type: none"> • It is a pure life insurance plan. • It provides financial protection to your family if something happens to the policyholder. <p>No maturity benefit is paid if the person survives the policy term – because the focus is on protection, not investment.</p>

<p>Summary of Event</p>	<p>Dr. Rajendra Gode College of Pharmacy, Malkapur celebrated Constitution Day with great enthusiasm. The program was jointly organized by the college's National Service Scheme (NSS) and Student Development Department. The event was graced by the Chief Guest and Keynote Speaker, Hon. G. N. Ingle, District Treasurer of the Caste-Tribe Teachers' Association, Buldhana, and Taluka President of the Bharatiya Bauddha Mahasabha, Malkapur. He is also a retired teacher from Vivekanand Vidyalaya, Narvel. The program was presided over by the Principal of the college, Dr. Prashant Deshmukh. The event commenced with the lighting of the lamp and offering respect to the Indian Constitution. The introductory remarks and the formal introduction of the chief guest were delivered by Prof. Ananta Titre, NSS Program Officer. In his address, Hon. G. N. Ingle provided an insightful explanation of the historical events leading to the formation of the Indian Constitution. He also enlightened the audience about the Fundamental Rights and Duties granted to every citizen. In his presidential address, Principal Dr. Prashant Deshmukh urged the students to become responsible and aware citizens by understanding their rights and fulfilling their duties towards national development. During the program, the Preamble of the Constitution was read by Dr. Mangesh Deokar.</p> <p>A Quiz Competition was also organized to mark the significance of Constitution Day. The event was attended by Academic Administrator Dr. Vaibhav Adhao, Prof. Vikas Ghait, Dr. Ankush Maskar, Prof. Sakshi Patil, Prof. Shweta Rane, and several other faculty members along with a large number of students. The program was hosted by second-year students Aarti Aghadte and Deepansha Dhoran. The Vote of Thanks was proposed by NSS Program Officer Prof. Ananta Titre. A tribute was also paid to the brave officers and police personnel who were martyred in the 26/11 Mumbai attack. The program concluded with the collective reading of the Preamble of the Constitution.</p>

<p>Summary of Event</p>	<p>Dr. Rajendra Gode College of Pharmacy successfully organized its Freshers' Party, hosted by the Second-Year B. Pharmacy students to welcome the First-Year students into the college family. The event was organised with inspiration of our Hon. President Shri Yogendraji Gode Sir, Secretary Miss Tanvi Gode Madam and under the guidance of Principal Dr. P. K. Deshmukh Sir, and Academic Dean Dr. V. S. Adhao Sir.</p> <p>The program began with the auspicious Lamp Lighting Ceremony, followed by an inspiring address by Academic Dean, Dr. V.S. Adhao Sir, who motivated the students to stay focused on academics and discipline. Dr. M.N.Deokar Sir also delivered a memorable speech, sharing experiences from freshers' celebrations during his own student life.</p> <p>The event was gracefully conducted with felicitation anchoring by Sonam Gantire and Vaibhav Thakare. The overall anchoring and program coordination were managed effectively by Purva Chambare and Avinash Rajput, ensuring a smooth flow of the event. As a highlight of the celebration, the titles of Miss Fresher and Mr. Fresher were awarded.</p> <p>Miss Fresher was presented to Miss Supriya Ingole, awarded by the Second-Year students Snehal Bavaskar. Mr. Fresher award was presented to a First-Year student Mr. Ashok Dabhade, and the award was handed over by Vaishnavi Bhange.</p> <p>The event concluded with a heartfelt Vote of Thanks by Prof.M.W.Babhulkar as he express gratitude to all faculty members, class representatives and their team also participants for making the event success. For success of the program all the teaching and non-teaching members with Class Representative Amar Sonone and Vaibhav Thakare Ladies Representative Anjali patil and Tanisha Bansali of B.Pharmacy second year and their team took effort.</p>

<p style="text-align: center;">Summary of Event</p>	<p style="text-align: center;">Hospital visit to Sub-District Hospital, Malkapur</p> <p>A one-day hospital visit to the Sub-District Hospital, Malkapur was organized for the D. Pharm students on 29 November 2025 as part of their curriculum. The activity was carried out with the inspiration of the Honourable President of IBSS, Shri Yogendraji Gode Saheb, Secretary Ms. Tanvi Gode mam and under the guidance of our Principal, Dr. P. K. Deshmukh. The students reached the Government Hospital, Malkapur at around 10:00 a.m., where they were warmly welcomed by Mrs. Anagha Lokhande, the hospital representative. She gave an informative introduction to the various departments such as OPD, IPD, Pharmacy, Clinical Pathology, AIDS and TB Control Department, Vaccination Unit, Eye Department, Accident and Emergency Care, and the Gynecology and Maternity Unit.</p> <p>Throughout the visit, students learned about the functioning of each department and observed the routine procedures followed in the hospital. They also explored the different facilities available for patient care and understood the use of diagnostic equipment in identifying diseases. The visit further helped them understand the importance of emergency services, maternal care, laboratory investigations, and the role of pharmacy services in ensuring safe and effective treatment.</p> <p>For many students, this visit was a memorable and eye-opening experience. It allowed them to connect their classroom knowledge with real hospital practices and enhanced their understanding of the healthcare system. The visit also encouraged them to appreciate the responsibilities and challenges involved in hospital-based patient care.</p> <p>This activity was successfully planned and organized by Prof. R. A. Darakhe (HOD), Prof. V. S. Padghan, Prof. S. J. Gandhi, Prof. R. A. Jangle, Prof. V. M. Patil, and Prof. K. S. Gayakwad, whose efforts ensured that the students had a meaningful and enriching learning experience.</p>

<p style="text-align: center;">Summary of Event</p>	<p style="text-align: center;">World AIDS Eradication Day</p> <p>World AIDS Eradication Day was observed with great commitment and social responsibility by Dr. Rajendra Gode College of Pharmacy, Malkapur on 29 November 2025. Inspired by the vision of the Honorable President of IBSS, Shri Yogendraji Gode Saheb, and Secretary Ms. Tanvi Gode mam, and guided by the Principal, Dr. Prashant Deshmukh, the National Service Scheme (NSS) team of the college organized an impactful awareness rally at the Sub-District Hospital, Malkapur.</p> <p>The rally began with the active participation of hospital staff, including the Red Ribbon Club Officer, Ms. Anagha Lokhande, along with several dedicated employees of the hospital. Their presence added strength to the initiative and encouraged the students to spread their message more confidently. The main purpose of the rally was to create awareness about HIV/AIDS by educating people on its causes, modes of transmission, symptoms, and essential preventive measures. Students also spoke about the importance of early testing, regular health check-ups, and the availability of government-supported treatment facilities.</p> <p>A significant part of the rally focused on breaking myths and misconceptions surrounding HIV/AIDS. The students interacted with the public, clarified doubts, and emphasized that the disease cannot spread through casual contact, social interaction, or daily activities. They encouraged the community to treat people living with HIV with respect and empathy, highlighting that stigma and discrimination often cause greater suffering than the illness itself.</p> <p>Through banners, slogans, and thoughtful messages, the students effectively communicated the importance of awareness and compassion. The rally not only educated the public but also helped the students understand their role in contributing to public health and social welfare.</p> <p>The event was successfully organized due to the dedication and hard work of Prof. Rahul Darakhe (HOD), Prof. Vishal Padghan, Prof. Shital Gandhi, Prof. Rohini Jangle, Prof. Vaibhav Patil, and Prof. Karan Gayakwad. Their efforts ensured that the rally became a meaningful and inspiring contribution to the fight against HIV/AIDS.</p>

<p style="text-align: center;">Summary of Event</p>	<p style="text-align: center;">Community Pharmacy visit at Malkapur</p> <p>A one-day Community Pharmacy Visit for D. Pharm students of Dr. Rajendra Gode College of Pharmacy, Malkapur was organized on 29 November 2025. The visit was conducted as part of the curriculum under the inspiration of the Honourable President of IBSS, Shri Yogendraji Gode Saheb, Secretary Ms. Tanvi Gode mam, and under the valuable guidance of Principal Dr. P. K. Deshmukh. Faculty members accompanied the students to Pavan Medico & General Stores, Malkapur, where they arrived at 11:30 a.m. The pharmacist, Mr. Ajay Sharma, warmly welcomed the students and introduced them to the daily operations and responsibilities handled in a community pharmacy.</p> <p>The main objective of this visit was to help students understand the principles of health and wellness related to community-based healthcare services. The visit aimed to give them real-world exposure to how pharmacists provide essential services to individuals and society. Students learned how a pharmacist checks and interprets prescriptions, prepares medications for patients, and maintains accuracy and safety while dispensing drugs. They also observed how pharmacists offer counseling on medication use, explain possible side effects, and respond to patients' doubts with clarity and empathy.</p> <p>During the visit, students gained valuable insights into patient interaction, one of the most important aspects of community pharmacy practice. They understood that beyond dispensing medicines, pharmacists play a crucial role in guiding patients, improving medication adherence, and ensuring safe drug use. The ability to provide direct patient care emerged as a key skill demonstrated throughout the visit.</p> <p>Overall, the community pharmacy visit proved to be a highly informative and practical learning experience. The activity was successfully planned and organized by Prof. R. A. Darakhe (HOD), Prof. V. S. Padghan, Prof. S. J. Gandhi, Prof. R. A. Jangle, Prof. V. M. Patil, and Prof. K. S. Gayakwad, whose efforts ensured meaningful learning for the students.</p>

DIABETIC STUDIES

Formulation And Permeability Studies Of Ritonavir: In Vitro Release And Caco-2 Cell Transport Analysis

Ashish M. Rath¹, Divyang Patel², Rucha Raut³, Taufik Mulla³, Nimisha Vasava⁴, Om M. Bagade⁵, Bartakke K.V.⁶, Mrunali Nemade⁴, Badrud Duza Mohammad^{7*}

Abstract

The study aimed to enhance the oral bioavailability of Ritonavir (RTV), a poorly soluble HIV protease inhibitor, by formulating polymeric micelles using the biodegradable copolymer poly(ethylene glycol)-b-poly(L-caprolactone) (PEG-PCL). A 3rd factorial design was employed to optimize the formulation by evaluating the effects of drug-to-polymer ratio (X₁) and sonication time (X₂) on particle size (Y₁) and encapsulation efficiency (Y₂). The optimized RTV-loaded polymeric micelles (RTV-PMs) exhibited a mean particle size of 95.6 ± 4.1 nm, a polydispersity index of 0.18 ± 0.02, and an encapsulation efficiency of 92.4 ± 3.5%. Transmission electron microscopy confirmed their spherical morphology and uniform distribution. The in vitro release profile demonstrated a biphasic pattern with an initial burst followed by sustained release, achieving 85% cumulative release within 48 hours. Caco-2 cell permeability studies showed a 4.7-fold increase in apparent permeability (P_{app}) compared to pure RTV, indicating improved intestinal transport. In vitro pharmacokinetic evaluation in rats revealed a 3.8-fold

Abstract

Human cancer therapy is a major issue in modern medical science. Lots of emerging materials are developing rapidly. Dendrimers, as a nanocarrier, are now widely used in the field of biomedicine, pharmacy, and so on. As a super-branched macromolecule, dendrimers have a series of outstanding properties. Such as simple to functionalize, have nano & symmetric dimension and cavities for host-guest entrapment. It has made much progress in drug and gene delivery. Dendrimers have higher efficiency by perfecting the surface modification methods. The small molecules, DNAs, therapeutic agents, and more can be loaded into dendrimers. Also, the cytotoxicity is reducing gradually. dendrimers are promising drug delivery systems.

Abstract
The enduring difficulties of conventional drug discovery, which are marked by exorbitant expenses, protracted timelines, and poor success rates, may be revolutionarily addressed by artificial intelligence (AI) and machine learning (ML). This comprehensive review critically analyze recent advancements (2019-2025) in AI/ML techniques across the whole drug discovery process, from target selection to clinical development. We look at a variety of AI methods, such

Herbal Transfersomal Gel For Diabetic Wound Healing Using Azadirachta Indica, Ocimum Sanctum, And Allium Sativum

Ashwini A. Zanke¹, Prashant K. Deshmukh², Shubham P. Kokate³, Leena P. Joge⁴, Tejas J. Sharma⁵, HarishKumar K. Rathod⁶, Avanti K. Girdekar⁷, Ishwari G. Dhok⁸, Dragesh G. Tayade⁹, Yash N. Chakole¹⁰

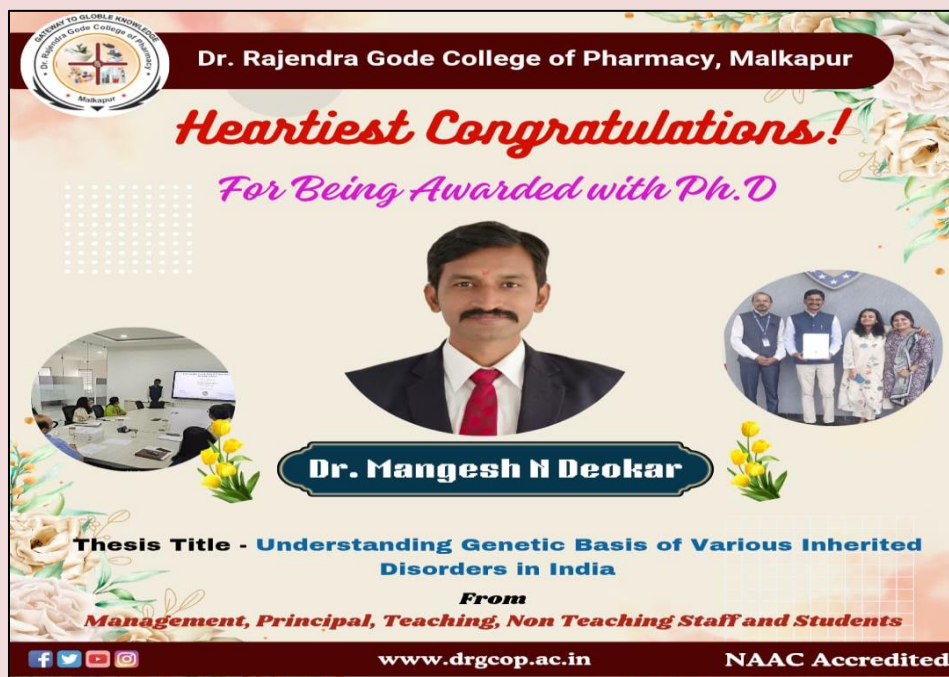

ABSTRACT
Diabetic wounds are a major clinical challenge due to impaired healing, prolonged inflammation, and increased risk of infection. Herbal medicines such as Azadirachta indica, Ocimum sanctum, and Allium sativum possess anti-inflammatory, antimicrobial, and antioxidant properties that can enhance wound repair. However, their therapeutic potential is often limited by poor stability, low solubility, and inadequate skin penetration. This study aimed to develop a herbal transfersomal gel incorporating these extracts to improve topical delivery and accelerate wound healing. Transfersomes were prepared and characterized for particle size, polydispersity index (PDI), zeta potential, and entrapment efficiency. The optimized formulation (P7) was incorporated into a gel and evaluated for physicochemical properties, including pH, viscosity, spreadability, extrudability, and drug content, as well as in vitro drug release and stability under ICH conditions. In vivo studies using streptozotocin-induced diabetic rats assessed wound contraction and healing efficiency. The optimized gel showed uniform particle size (165 ± 2.5 nm), high entrapment efficiency (85.6%), suitable pH (6.6), viscosity (3300 cP), and excellent spreadability and extrudability. Sustained drug release was observed over 24 hours, and stability studies confirmed physical and chemical integrity. In vivo results demonstrated significantly enhanced wound contraction (92.3% by day 21) compared to herbal gel and control groups.

FACULTY ACHIEVEMENTS

I am delighted to share my PhD journey, during which I contributed to the discovery of a novel gene responsible for hereditary hearing impairment. Discovery of deafness genes and elucidating their functions have substantially contributed to our understanding of hearing physiology and its pathologies.

This research focused on identifying inherited disorders in families with multiple affected individuals across generations, with special emphasis on hereditary hearing impairment common in India. The primary aim was to understand the genetic causes and inheritance patterns of non-syndromic sensorineural hearing loss (HL) and to enable early genetic counselling and interventions for affected communities. Four families with autosomal recessive HL were studied—two of Turkish and two of Indian ancestry. In all cases, hearing loss began at birth or early childhood and progressed rapidly to a severe or profound degree. Audiological evaluations, including ABR and otoacoustic emissions, confirmed combined inner hair cell, neuronal, and outer hair cell dysfunction.

Blood samples were collected with informed consent, followed by DNA extraction, PCR amplification, and whole-exome sequencing to identify causative variants. Several benign variants were ruled out using population frequency databases. Pathogenic variants in the MINAR2 gene, including c.144G>A, c.412_419del, and c.393G>T, were identified as the underlying cause of autosomal recessive nonsyndromic deafness. Functional studies in transgenic Minar2 mice demonstrated early-onset, progressive HL consistent with human findings, highlighting the gene's critical role in inner-ear development. These results establish MINAR2 as essential for hearing and suggest potential avenues for future genetic therapies.

Dr. Mangesh N. Deokar

[Thesis Title: Understanding Genetic Basis of Various Inherited Disorder in India.]

NEW FACULTY MEMBER

PROF. AMIT M. KUDKE

ASSOCIATE PROFESSOR.

Prof. Amit M. Kudke is an accomplished academic and researcher with a solid background in pharmacy and chemistry. He completed his MS in Chemistry from Cleveland State University, USA, in 2022, following his M. Pharm in Pharmaceutics from Mumbai University and B. Pharm from Amravati University, all with first-class distinction. He has also performed well in competitive exams, including GATE (AIR 256), GRE, and TOEFL. Dr. Kudke currently serves as an Associate Professor at Dr. Rajendra Gode College of Pharmacy, Malkapur. He previously taught at Shri Sant Gajanan Maharaj College of Pharmacy, Buldhana, and spent five years as a Graduate Teaching Assistant at Cleveland State University, strengthening his expertise in chemistry instruction. His research experience includes work at the Cleveland Clinic Foundation on extracellular matrix proteins in cardiovascular diseases. He also gained strong industry exposure at Accutest, Wockhardt, FDC India, and Rubicon, developing skills in bioanalysis and method development.

VOICE OF DRGCOPM

After three years here, I feel proud to call this institution my alma mater. It has given me not only academic knowledge but also values that will guide me throughout life. The faculty's dedication and the vibrant campus culture shaped my journey in unforgettable ways. At the same time, I believe we can grow further by strengthening industry connections, upgrading digital infrastructure, and creating more platforms for student innovation. With these steps, our college can continue to shine as a beacon of learning and progress.

Nikhil Kale
(2008-2011)

Assistant Manager
Mylan, Nashik

I am grateful to Dr. Rajendra Gode College of Pharmacy, Malkapur, for the excellent education I received during my graduation. The dedicated and knowledgeable faculty guided us beyond academics, helping us develop professionalism, ethical values, and a patient-centric mindset. The curriculum was well-structured, combining strong theoretical concepts with practical skills that matched industry needs. State-of-the-art laboratories and supportive infrastructure further enriched my learning. My four years were truly transformative and prepared me well for my career. As an alumnus, now a Senior Executive in Supply Chain Management at Indira IVF Hospital Ltd., I proudly recommend this institution.

Pranav P. Zope
(2018-2022)
Senior Executive
Indira IVF Hospital

I completed my B. Pharmacy from Dr. Rajendra Gode College of Pharmacy Malkapur, where I spent most Valuable four years of my academic journey. These four years played a crucial role in shaping both my academic foundation and my industrial outlook. This was possible only because of the highly knowledgeable and supportive faculty, well-equipped laboratories, and the variety of effective learning tools provided by the institute. I am truly grateful for the quality education, guidance, and opportunities I received during my time at the college.

Sunita J. Chopade
(2015-2022)

Asst. Professor at
Satpuda Institute of
Pharmacy Shegaon

As an alumnus of the DRGCOPM, I am glad to support its continued growth and progress. The academic environment, dedicated faculty, and overall learning experience have played an important role in shaping my career. My time here helped me build confidence and a strong professional foundation. I truly value the efforts taken by the institution for student development. I wholeheartedly recommend this college to future students seeking a supportive, disciplined, and growth-oriented learning environment.

डॉ. राजेंद्र गोडे फार्मसी महाविद्यालयात रासायनिक व जैविक कचरा व्यवस्थापन कार्यशाळेचे यशस्वी आयोजन

■ मलकापूर आजतक
मलकापूर (कार्यालय प्रतिनिधी) इंदिरा बहुउद्देशीय शिक्षण संस्थेच्या सन्माननीय अध्यक्षा श्री. योगेंद्रजी गोडे साहेब आणि मा. सचिव कु. तन्वीसाई गोडे मंडम यांच्या प्रेरणेने तसेच माननीय प्राचार्य डॉ. प्रशांत देशमुख आणि डॉ. व्ही. एस. अग्रवाल यांच्या मार्गदर्शनाखाली दि. ११ ऑक्टोबर २०२५ रोजी डॉ. राजेंद्र गोडे फार्मसी महाविद्यालयात रासायनिक आणि जैविक कचरा विल्हेवाट व्यवस्थापन कार्यशाळा यशस्वीपणे संपन्न झाली. ही कार्यशाळा पर्यावरण संरक्षण आणि जबाबदार कचरा व्यवस्थापनाच्या दृष्टीने अत्यंत महत्त्वपूर्ण ठरली. कार्यक्रमाची सुरुवात दीपप्रज्वलनाने झाली. प्रमुख पाहुणे व वक्तृ म्हणून डॉ. उमेश लढे (प्लॉट मॅनेजर, बेंजोकेम, मलकापूर) आणि अक्षय राजूत (वाईज इको केअर ऑड फर्माटेक, खामगाव) यांची उपस्थिती लाभली. कार्यक्रमाचे आयोजक प्रा. आशिष राठी व

सहआयोजक प्रा. विकास घाईट यांनी उत्कृष्टपणे कार्यक्रमाचे आयोजन केले. कार्यशाळेत जैविक कचऱ्याच्या व्यवस्थापनावर प्रथम बोलताना अक्षय राजूत यांनी वेगवेगळ्या रंगांच्या कचरा पेट्यांचा वापर कसा करावा, व्यवस्थापनादरम्यान घ्यावयाची काळजी आणि संबंधित नियम याबाबत सविस्तर माहिती दिली. त्यानंतर डॉ. उमेश लढे यांनी युद्ध संपलेल्या केमिकल्सचे व्यवस्थापन कसे करावे, त्यासाठी कोणत्या उपाययोजना आणि नियमांचे पालन करावे याबाबत सोप्या भाषेत मार्गदर्शन केले. या कार्यक्रमाला डॉ. राजेंद्र गोडे फार्मसी महाविद्यालया बरोबरच एल. बी. चोंडक महाविद्यालय आणि इतर शैक्षणिक संस्थांतील शिक्षक व शिक्षकेतर कर्मचारी उपस्थित होते. कार्यक्रमाचे सूत्रसंचालन प्रा. मोहिनी क्षीरसागर यांनी कुशलतेने केले, तर आभार प्रदर्शन प्रा. विकास घाईट यांनी केले. कार्यशाळेत शिक्षक व शिक्षकेतर कर्मचारी यांनी सक्रिय सहभाग घेतला

आणि कचरा व्यवस्थापनाच्या नावीन्यपूर्ण पद्धतीवर चर्चा केली. यावेळी पर्यावरण संरक्षण आणि जबाबदार कचरा व्यवस्थापनाच्या महत्त्वावर प्रकाश टाकण्यात आला. शेवटी, स्वच्छ, सुरक्षित आणि अधिक जबाबदार भविष्यासाठी एकत्र

काम करण्याचा संकल्प सर्वांनी घेतला. ही कार्यशाळा फार्मसी क्षेत्रातील विद्यार्थ्यांसाठी आणि व्यावसायिकांसाठी एक महत्त्वपूर्ण पाऊल ठरली, ज्यामुळे कॅम्पस पर्यावरणपूरक होण्यास मदत होईल.
